Project schedule – 250 kW grid-tied converter

Proposal no. XXXX – rev. 0 – all durations are indicative and expressed in weeks from receipt of purchase order (W0).

Notes. The schedule is indicative and becomes contractually binding only after the kick-off meeting, when the detailed baseline plan is issued. Any delay in the customer deliverables marked in the legend shifts the subsequent activities by the same amount. Lead times of long-lead items are those confirmed by the suppliers at the date of this proposal.
